KILLED AND WOUNDED IN BATTLE AT PARRAL

Official Casualty List of Last Wednesday's Encounter Is Announced in Pershing Report.

SAN ANTONIO, April 18.—A report from Gen. Pershing received contained the names of dead and wounded in the Parral fight Wednesday, and gave more details of the incident that preceded Maj. Tompkins' entry of Parral. He said a captain of Gen. Loran's division, the American camp Tuesday night, leaving after breakfast Wednesday morning. It was his insistent invitation that they go directly into Parral that caused Tompkins to enter the city, but to guard further against any unpleasant incident, he sent forward a courier, who remained unreported.

Following are the names of the dead and wounded in the action at Parral:

Dead: Sergt. George Ridgely. Private Herbert Ledford. Wounded: Maj. Frank Tompkins. Lieut. James B. Ord. Corp. Benjamin McGill. Corp. W. E. Williamson. Corp. Richard Tamm. Private I. M. Shoyder. In addition, Pershing Charles Eichenberger was reported missing. With the exception of Lieut. Ord of the 6th Infantry, all belong to the 13th Cavalry. Corp. Tamm's injury is the only one reported as serious.

La Bourja Victim a Tennessean.

CHATTANOOGA, Tenn., April 18.—R. N. Kirby, railroad engineer of Rome, Ga., said today that he believed the Private Kirby reported Sunday as having been killed in a skirmish in which a detachment of the 11th Cavalry participated near La Bourja, Tex., was his son, Herman E. Kirby, formerly of Cleveland, Tenn., and for four years a trooper in the 11th Cavalry while at Ft. Oglethorpe, Ga.

PLACES THE EXPENSE ON WATER DEPARTMENT

Controller's Ruling on Cost of Changing Mains Incident to Relocating Street Railway.

Removal and relocation of the tracks of the Capital Traction Company, in compliance with statutory command, from the present M street bridge to the proposed bridge over Rock creek on the line of Pennsylvania avenue will disturb the water system at one point where the main will have to be lowered or changed to make way for the conduits carrying the electric current of the railway. This is made evident in a communication to the controller of the currency from the board of Commissioners of the District of Columbia, asking decision of the question of expense regarding such alterations in the water mains.

Controller W. W. Warwick rules that neither the appropriation for the bridge construction nor the railway company, which must remove its tracks by order of Congress and not for its own convenience, is chargeable with the expense. He also ruled that the expense should be charged against the appropriation for the operation of the water department.

Object of Appropriation.

"The appropriation is made specifically for the construction of the bridge," says Controller Warwick. "It covers the cost of construction work and of other work directly and necessarily incidental to the construction of the bridge, such as restoring the approaches, making necessary connections, and putting the bridge and its appliances and immediate surroundings in condition for public service. "Its proper application extends no further than this, with the exception of the specific provision that it shall be applicable to the purpose of widening the street on one side of the bridge. The work of removing and relocating the tracks involves upon the railway company, and necessarily the railway company, making necessary connections, and putting the bridge and its appliances and immediate surroundings in condition for public service. The expense, which is not, either expressly or impliedly, made a charge against the appropriation.

"Being incident to the relocation of the street railway tracks and not incidental to the construction of the bridge, the duty of adjusting the water mains to changed conditions brought about by the state develops upon the water department, and any expense incurred is chargeable to the funds of that department."

LOSSES EXTRADITION FIGHT.

Thomas Kelly, Contractor, Must Go to Canada to Face Fraud Charge.

Thomas Kelly, a contractor wanted in Winnipeg in connection with alleged frauds in construction of the parliament buildings there, yesterday lost his fight against extradition in the Supreme Court. The high court affirmed the federal court in Chicago which refused to release Kelly on habeas corpus.

Canada asked for Kelly's extradition that he might be tried in a charge of obtaining \$125,000 by false pretenses on the parliament building contract. His case argued only a few days ago and the court at special request gave speedy consideration. Apparently no real progress now is available to prevent his extradition to Manitoba.

GEN. PERSHING FIRED ON IN SATEVO NEIGHBORHOOD

American Commander Was in Motor Train When Attack Was Made, Is Wireless Report.

COLUMBUS, N. M., April 18.—A speedy motor train carrying Gen. John J. Pershing, commander of the expeditionary forces, together with his escort, was fired upon during a drive made at night from Satevo to the west station at Namiquipa, according to reports received here.

No official confirmation of the report could be obtained by military authorities here. Nor could it be learned whether the report was based upon the attack on Gen. Pershing's supply train on its way to Satevo April 11.

According to the reports, Gen. Pershing was on his way to Namiquipa to attend to the sending of detailed dispatches concerning the engagement at Parral, when Mexicans in ambush near Parral, opened fire on the train. There were only about ten snipers, all of whom fled when the Americans returned their fire. None of the Mexican bullets took effect, the reports said, and Gen. Pershing returned the incident as trivial.

A dispatch received from Joseph W. McMullen, a truck captain, said that a truck train due to arrive here this afternoon was being held up by Mexicans and wounded men. No reports concerning the arrivals were received by Maj. W. W. Warwick, however, and it was not known here whether the men are Americans or Mexicans.

It is reported that a Carranza garrison at Parral attempted to ambush the command of Maj. Frank Tompkins and other reports of strained relations between the American forces in Mexico and soldiers of the de facto government were responsible for some trepidation expressed here today.

In some quarters here the opinion is expressed that the pursuit of Villa's army, making necessary connections, and putting the bridge and its appliances and immediate surroundings in condition for public service. The expense, which is not, either expressly or impliedly, made a charge against the appropriation.

REPORTS CANUTO REYES IS READY TO SURRENDER

TORREON, Mexico, April 18.—Gen. Mayotte, who returned today from Pedricena, reported that he had had a very friendly conference with Canuto Reyes and his lieutenants, Cenicerio, Falza and Margarito Salinas. The only leader not present was Canuto Contreras, who is reported to have gone north to join Villa.

Gen. Mayotte said that the basis of a complete understanding was arranged on the plea that it was the desire of the Mexicans to forget their private grievances and ambitions and join hands to stop the useless shedding of blood. If the tentative agreement is ratified, the conferees are expected to arrive here next Monday to discuss plans for the pacification of the district.

FOOD SHORTAGE KEEPING 3,000 CARRANZISTAS IDLE

Gen. Gomez's Command Is Unable to Move From Agua Prieta Into Chihuahua.

DOUGLAS, Ariz., April 18.—According to an American arriving here from the interior of Mexico, the three thousand Carranza soldiers under command of Gen. Arnulfo Gomez would be in danger of starvation if they moved from their base at Agua Prieta into Chihuahua, as their leader has indicated would be done. He said that even now the troops were being supplied by but four wagons from Agua Prieta, and that Chihuahua had been stripped bare of foodstuff.

Gen. Gomez stated, prior to leaving Agua Prieta, that he expected to get his troops into position to take the field in Chihuahua as soon as the American troops came out.

He, as well as his husband and other officials in Agua Prieta, said that the telegram of Gen. Gabriel Garcia, stating that Villa's body was being brought to Chihuahua city, was founded on fact. They added they anticipated the immediate withdrawal of the American soldiers.
